	Speech difficulty	
<b>Hematologic</b>		
Swollen lymph nodes	Easily bruising or bleeding	
<b>Psychiatric</b>		
Agitation	Feeling of unease	Self-injury
Behavior problem	Hallucinations	Sleep disturbance
Confusion	Hyperactive	Suicidal ideas
Decreased concentration	Nervous/anxious	

# Consent for Treatment

**General Information:** The Bastyr Center for Natural Health (BCNH) and Bastyr University Clinic (BUC) are teaching facilities and have practitioners who do private practice also. Our teaching clinics have students studying at Bastyr University and integrates a number of medical treatment modalities. Our teaching clinics at BCNH and BUC uses a ‘Team Care’ approach where faculty supervisors and student clinicians work as a team to address your health concerns. Student clinicians, depending on their levels of experience, may observe or participate in the care provided but are always supervised by healthcare providers licensed in the State of Washington or State of California. Your medical history, treatment plan and progress is discussed (without identifying information) among other student clinicians for educational purposes at the clinic and evaluated by the supervising faculty for appropriateness and effectiveness. Due to the diversity of modalities offered at BCNH or BUC, your treatment may include any or all of the following general modalities: East Asian Medicine, Naturopathic Medicine, Physical Medicine, Homeopathy, Psychological Counseling and Nutritional Counseling. Some modalities may be used exclusively on some specialty shifts, but many BCNH clinic teams use multiple treatment modalities. All of our East Asian medical practitioner faculty are licensed in the State of Washington having completed graduate level training and national board certification.

**Methods, Procedures and Therapeutic Approaches:** Clinicians may perform general diagnostic procedures, psychological counseling, lifestyle counseling, exercise prescriptions, acupuncture, ayurvedic services, topical treatments, herbal medicine, natural medicine, dietary advice and therapeutic nutritional counseling, soft tissue and osseous manipulation, electromagnetic and thermal therapies. See brief description of methods, procedures and approaches.

I understand that Washington State law and California State Law does not authorize naturopaths to treat me for any **cancer or malignancy** and that I am required to be under the care of a medical doctor or osteopathic physician (oncologist) while receiving care at the Bastyr Center for Natural Health. I recognize that I am here for supportive therapies only.

I understand that I may ask questions regarding my treatment before signing this form and that I am free to withdraw my consent and to discontinue participation in these procedures at any time. With this knowledge, I voluntarily consent to the above procedures, realizing that no guarantees have been given to me by the Bastyr Center for Natural Health or Bastyr University Clinic or any of its personnel regarding cure or improvement of my condition. I understand that a record will be kept of the health services provided to me. **I hereby acknowledge that I am financially responsible for services rendered.**

At Bastyr Center for Natural Health and Bastyr University clinic, the safety and well-being of all of our patients and staff is our primary concern. Please know, we aim to have respectful conversations with all of our patients and in return we expect the same.

## **Telemedicine Waiver**

I hereby consent to engaging in telemedicine with a Bastyr provider. I understand that “telemedicine” includes the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical data, and education using interactive audio, video, or data communications. I understand that telemedicine involves the communication of my medical information, both orally and visually, to my health care practitioners. The laws that protect the confidentiality of my medical information also apply to telemedicine. As such, I understand the information disclosed by me during the course of my treatment is confidential.

By signing this consent, I agree to proceed with a telemedicine visit and certify I am physically in the state of Washington if my Provider is from Bastyr Center for Natural Health in Seattle or California if my provider is from Bastyr University Clinic in San Diego. If I will not be in the state when the appointment will take place, I understand it is my responsibility as the patient to reschedule my appointment.

In addition, I understand telemedicine-based services and care may not be as complete as face-to-face services. I understand if my Provider believes another form of medical services (e.g. face-to-face services) would better serve me, I will be asked to schedule an in office visit with my provider or referred to a medical services provider who can provide such services if applicable. Finally, I understand there are potential risks and benefits associated with any form of medical treatment, and despite the efforts of the provider, my condition may not be improved or my provider may recommend additional care. I understand I may benefit from telemedicine and understand results cannot be guaranteed or assured.

I have no other pre-existing conditions that have not already been disclosed to my provider. I understand this visit/encounter does not and should not replace a traditional doctor's office visit; therefore, I am proceeding with this tele-evaluation at my own risk and understanding. I understand that should my condition worsen I should contact local emergency response by dialing 911. I certify the information provided to my provider is true and accurate to the best of my ability. I understand that omitting medical information or misinforming a Bastyr provider may result in an inaccurate diagnosis and treatment.

## **FINANCIAL AGREEMENT**

### ***What you should know:***

By signing this agreement you have agreed to pay for your services either by self-pay or using insurance benefits that cover the services you receive. If you don't have insurance we have many discounted contracts you may qualify for, please ask us.

Health insurance is a contract between you and your insurance company. It's best if you know which services your insurance will cover before you receive care. That way, there are no surprises for either of us. If you are not sure about your coverage, please ask your insurance company. Refer to the back of your insurance card.

### ***Nonpayment***

If you have not paid your bills within 30 days after receiving your final notice you will be turned over to collection agency, Professional Credit Services. You will be responsible for any collection agency fees that apply. If you have large unpaid balances and make no arrangement or payments you may be reported to a credit bureau and denied additional services at Bastyr. If this happens we can help you transfer your care.

### ***Insurance billing***

- Contract coverage: Bastyr contracts with many insurance plans. If we are in your health plan's network, you are expected to pay any cost shares at the time of service
- Non-contracted: If your insurance plan is not contracted with Bastyr we will bill your insurance as a courtesy to you. You are responsible for the full cost of care. If your insurance does not pay within 45 days, the balance will be billed to you.

### Care or services not covered by your insurance plan

Bastyr has many services that are non-covered by insurance plans. Some services might be considered experimental for research purposes only by your insurance company. If that is the case, you will be responsible for the full cost. We expect payment at the time of the service.

### ***Returned Checks***

Bastyr charges \$28.00 for any returned checks.

Questions? Please contact our Billing Office at 206-834-4183, if you have any questions about anything in our policy.

## **PATIENT CANCELLATION AND NO SHOW AGREEMENT**

Welcome to Bastyr Center for Natural Health or Bastyr University Clinic. We are glad you have made an appointment for yourself or a family member.

To provide you with high-quality care, it is important for you to keep your scheduled appointment with the medical provider. Valuable time has been reserved for you or your family member. A missed appointment or late cancellation results in lost time that could have been given to another person wanting to receive care.

- Patients arriving more than 15 minutes late to their appointment will be subject to the providers' discretion as to whether they can be seen. Late arrivals may also be subject to an abbreviated visit.
- If a patient cannot be seen, or is more than 20 minutes late for a scheduled visit, it will automatically be considered a no show.

You will receive a reminder call two days ahead to remind you of your appointment; however, it is your responsibility to keep record of your appointment and to arrive on time. If you need to cancel or reschedule your appointment, please call 24 hours in advance. You may also leave a message with our scheduling desk. Every late cancel/no-show will be recorded in your chart. Multiple late cancels and no-shows can end your ability to make advance appointments or receive care at Bastyr Center and Bastyr University Clinic.

We realize that an emergency may occur and/or you may not be able to notify us. We will discuss that situation with you when it happens.

- ❖ **After One (1) Late Cancel/No Show: You will be reminded of our Late Cancel/No Show policy.**
- ❖ **After Two (2) Late Cancels/No Shows: There will be a charge of \$40 for appointments in Team Care, or \$60 for appointments in Practitioner Care. (Bastyr Students will be charged \$30.)**
- ❖ **After Three (3) Late Cancels/No Shows: Advanced scheduling privileges will be suspended for three months. You can still be seen on a same-day scheduling basis only, depending on provider availability. We cannot guarantee that you will be seen.**

Thank you for working with us to ensure that services are provided to all our patients in the best possible way.

## **NOTICE OF PRIVACY PRACTICES**

### ***Acknowledgement***

Bastyr Center for Natural Health is required to provide you with a copy of its Notice of Privacy Practices and to obtain written acknowledgement, if possible, that you have received it. A parent or guardian should sign for patient under age 18. If you have questions concerning the management of your healthcare information at our clinic, or if you wish schedule an appointment to view your medical record, please call our medical records office at (206) 834-4151.
